

CAREMARK – A nice addition to the Extra Care Health Card

CVS Caremark recently introduced a new online "Clip and Print" On-line Coupon Center on CVS.com offering shoppers the ability to print coupons that can be redeemed at any of the 6,800 CVS/pharmacy locations. Featuring coupons for everything from household items and snacks to health and beauty needs, the CVS.com On-line Coupon Center is easy-to-use, allowing shoppers to browse specific product categories or find local savings by providing their ZIP code. General manufacturer's coupons and CVS/pharmacy-exclusive offers are included. The CVS.com On-line Coupon Center will allow customers to take advantage of a convenient on-line destination to print coupons before every shopping trip to CVS/pharmacy.

The On-line Coupon Center combined with the weekly CVS/pharmacy circular and the ExtraCare Rewards program, which earns shoppers 2% back on purchases, allows shoppers to maximize their time and savings. The site also makes it very simple to share savings with friends and family by clicking the envelope icon next to each coupon offer - coupons can be emailed.

The Online Coupon Center can be accessed from the CVS.com home page In Store Coupon promotion or via www.cvs.com/coupons.
